# Artisan SERIES

THE IDEAL BLEND OF  
QUALITY & AFFORDABILITY

## Calibrated Thickness

The feature that separates our Artisan Flagstone from many other natural stones is the calibrated thickness. During the calibration process, each piece of stone is ground down to a consistent thickness, which makes the installation process easier and less expensive compared to traditional flagstone.

## Natural Finish

Products in our Artisan Series feature natural cleft tops and hand-cut rockfaced edges, capturing the essence of a traditional natural flagstone patio or walkway.

Their natural look creates a durable and functional surface that adds a rustic charm to almost any style of home.

## ARTISAN FLAGSTONE

The perfect choice for your patio, walkway, or porch. The best of both worlds — ease of installation, and the beauty of a natural stone surface.
